

# It does the thinking...

## ...so you can have the fun!

The Husqvarna Viking Fabric Mover™ with Stitch Regulator by Quilter's Cruise Control\* lets you experience the fun of free-motion sewing and embroidery without thinking twice about your results. The Optical Sensor "brain" regulates your stitches; accurate, even and beautiful on any color fabric or batting. A finger's touch glides the large ball-bearing Fabric Mover surface. Carefree and confident, you'll stipple, quilt, embroider, thread-paint and more, thinking only about the fun of it all!
